

Grants for Deep Subseafloor Biosphere Research, Education and Outreach

The Center for Dark Energy Biosphere Investigations (C-DEBI) is pleased to announce grants (up to \$50,000) are available to fund deep biosphere research projects, research and travel exchanges, postdoctoral fellows, graduate student fellows or education and outreach projects. C-DEBI is a multi-institutional distributed center establishing the intellectual, educational, technological, cyber-infrastructure, and collaborative framework needed for transformative experimental and exploratory research on the subseafloor biosphere. Help us further our mission to explore life beneath the seafloor and make transformative discoveries that advance science, benefit society, and inspire people of all ages and origins.

C-DEBI encourages underrepresented groups to apply. Funding is only available to individuals sponsored in US institutions. Please see our website for details.

The next deadline for these semiannual calls will be in the Spring of 2012.
